Meet the artists:

Wednesday 16 May 2018, 6.30 – 8.30 pm

'Myths or Realities?' aims to initiate a conversation of challenges featuring works of selected Cyprus based artists and across a variety of mediums and styles. A collective belief conveying a shared experience, societal truth or cautionary tale with the outcome of a sense of belonging. Although myths can help shape cultures they represent something that is generally accepted but untrue; and only by bringing reality to light can myths be dispelled.
